

PROJECT SYNOPSIS

PET ADOPTION WEBSITE

Petify

NAME: Amartya Nair & Sneha Gaikwad

ROLL NO : 29, 59

CLASS : SY BBA(CA)

INTRODUCTION

Unveiling a Future Filled with Wags and Purrs:
Introducing **Petify**, the Gateway to Forever Homes.

Millions of furry friends yearn for a second chance,
their eyes brimming with hope against the bars of
shelters.

Navigate our user-friendly interface, where detailed
bios, photos, medical and adoption histories provide
insights into each pet's journey. Our commitment to
transparency ensures you make an informed choice
when selecting a new family member.

Facilitating the adoption process, we offer resources
such as pet products and expert guidance to support
you in welcoming a furry friend into your home.
Experience the joy of transforming a pet's life and
enriching your own in the process.

This isn't just a website – it's a bridge uniting
compassionate adopters with cute pets waiting to greet
them.

OBJECTIVES

- Increase Pet Adoptions
- User-Friendly Interface
- Pet Listings
- Educational Resources
- Feedback
- Regular Updates and Maintenance
- Provide additional pet products

FEATURES

- Browse adorable profiles: Meet a variety of dogs, cats, and other pets waiting for their forever families. Each profile includes photos, personality descriptions, and important details to help you find the right match.
- Apply online: No need to visit multiple shelters. Start the adoption process with a simple online application.

- Get personalized matches: We'll suggest pets that fit your lifestyle and preferences, making it easy to find your perfect furry companion.
- Streamlined adoption process: We'll guide you through every step, making adoption quick and easy.
- Supportive community: Connect with other adopters, shelters, and volunteers to share experiences and advice.
